Ph no: 9964778336

Bangalore, India - 560083

Github Link: <https://github.com/Yashuudevang>

Aspiring AI/ML engineer with a strong foundation in computer science and mathematics, passionate about solving complex problems using cutting-edge technologies. Proficient in machine learning algorithms, deep learning frameworks, and programming languages such as Python, R, and Java. Experienced in developing AI models, analysing large datasets, and implementing end-to-end machine learning pipelines. Dedicated to continuous learning and building impactful AI solutions to address real-world challenges.

EDUCATION

- G M UNIVERSITY, Davangere (Pursuing) [2023 – present]
Artificial Intelligence & Machine Learning SGPA – 9.39
- Sairam Pre- University College [2021 – 23]
Science (PCMCs)

SKILLS

TECHNICAL SKILLS

- Cyber Security (Google)
- Java
- Python
- C++, C
- Data Analysis using Excel
- PHP
- Microsoft Office Applications

PERSONAL SKILLS

- Team work
- Leadership Qualities
- Adaptability
- Effective Communication

ACHIEVEMENTS

- Silver medal for Karnataka in **PAN INDIA POSTER PRESENTATION** Scheduled in **IIT JODHPUR RAJASTHAN**
- Elected as **President** for Student affairs in GM UNIVERSITY, Davangere

- **Emerge Hackathon 2k25 Winners** , Jain institute of technology Davangere
- **CMR HACKFEST 2.0**, Telangana Hyderabad 2.0 Finalists
- **INNERVE 9** Hackathon Finalists, Army institute of technology Pune

PROJECT

- On-Demand Hydrogen Fuel for Vehicles
- Alternative technology for ANGIOGRAPHY
- Enhance learning through Artificial intelligence
- Dynamic EV Energy generator using AI
- Oral lesions(Cancer) detection using Machine learning

DECLARATION

I **Yashwanth V S** hereby declare that the above information is accurate to the best of my knowledge.

Place: Davangere
